

Fall 2010

Welcome Zicklin Flex-Time MBA/MS and Accelerated Part-Time Students,

Congratulations! You are beginning an exciting and enlightening journey and joining an exceptional graduate program. In the next few years you will have opportunities to develop relationships, share new ideas and insights, and see a personal transformation as you move through the Zicklin Flex-Time programs at Baruch College.

Life at Zicklin will encompass a rigorous graduate program complemented with activities and events to enhance your formal educational experience. We are sure you will enjoy the learning opportunities and challenges that are planned for you and we know you will contribute to Zicklin and to your fellow classmates.

The Graduate Student Life (GSL) office serves as the principal liaison with graduate students through attendance at regular meetings with the Graduate Student Assembly (GSA). Our office promotes awareness of graduate student issues and coordinates services to improve graduate student life. We foster opportunities for social, cultural and academic growth through involvement with student clubs, various college centers and participation in competitions. Students join us to develop, plan and coordinate MBA/MS and APT orientations. Our initiatives are a joint effort. Zicklin promotes a teamwork environment and offers many leadership opportunities for its students.

Our office plans and promotes the Zicklin Graduate Leadership Speaker Series. This series brings prominent industry leaders to Baruch College in the fall and spring semesters. Visit your Blackboard site to see the fall schedule.

We welcome your ideas and invite you to visit the GSL office. Enjoy your journey!

With best regards,

Frank Fletcher
